HIPAA PRIVACY NOTICE

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Life Chiropractic College West is committed to maintaining the privacy of your protected health information ("PHI"), which includes information about your health condition and the care and treatment you receive from the Health Center. The creation of a record detailing the care and services you receive helps this office to provide you with quality health care. This Notice details how your PHI may be used and disclosed to third parties. This Notice also details your rights regarding your PHI. The privacy of PHI in patient files will be protected when the files are taken to and from the Health Center by placing the files in a box or brief case and kept within the custody of a doctor or employee of the Health Center authorized to remove the files from the Health Center's office.

NO CONSENT REQUIRED

The Health Center may use and/or disclose your PHI for the purposes of:

- (a) Treatment - In order to provide you with the health care you require, the Health Center will provide your PHI to those health care professionals, whether on the Health Center's staff or not, directly involved in your care so that they may understand your health condition and needs.
- (b) Your PHI will be reviewed by members of the College's faculty who are involved in the administration of patient care.
- (c) Payment - In order to get paid for services provided to you, the Health Center will provide your PHI, directly or through a billing service, to appropriate third party payers, pursuant to their billing and payment requirements.
- (d) Health Care Operations - In order for the Health Center to operate in accordance with applicable law and insurance requirements and in order for the Health Center to continue to provide quality and efficient care, it may be necessary for the Health Center to compile, use and/or disclose your PHI.

The Health Center may use and/or disclose your PHI, without a written Consent from you, in the following additional instances:

- (a) De-identified Information - Information that does not identify you and, even without your name, cannot be used to identify you.
- (b) Business Associate - To a business associate if the Health Center obtains satisfactory written assurance, in accordance with applicable law, that the business associate will appropriately safeguard your PHI. A business associate is an entity that assists the Health Center in undertaking some essential function, such as a billing company that assists the office in submitting claims for payment to insurance companies or other payers.
- (c) Personal Representative - To a person who, under applicable law, has the authority to represent you in making decisions related to your health care.

(d) Emergency Situations -

- (i) for the purpose of obtaining or rendering emergency treatment to you provided that the Health Center attempts to obtain your Consent as soon as possible; or
- (ii) to a public or private entity authorized by law or by its charter to assist in disaster relief efforts, for the purpose of coordinating your care with such entities in an emergency situation.

(e) Communication Barriers - If, due to substantial communication barriers or inability to communicate, the Health Center has been unable to obtain your Consent and the Health Center determines, in the exercise of its professional judgment, that your Consent to receive treatment is clearly inferred from the circumstances.

(f) Public Health Activities - Such activities include, for example, information collected by a public health authority, as authorized by law, to prevent or control disease and that does not identify you and, even without your name, cannot be used to identify you.

(g) Abuse, Neglect or Domestic Violence - To a government authority if the Health Center is required by law to make such disclosure. If the Health Center is authorized by law to make such a disclosure, it will do so if it believes that the disclosure is necessary to prevent serious harm.

(h) Health Oversight Activities - Such activities, which must be required by law, involve government agencies and may include, for example, criminal investigations, disciplinary actions, or general oversight activities relating to the community's health care system.

(i) Judicial and Administrative Proceeding - For example, the Health Center may be required to disclose your PHI in response to a court order or a lawfully issued subpoena.

(j) Law Enforcement Purposes - In certain instances, your PHI may have to be disclosed to a law enforcement official. For example, your PHI may be the subject of a grand jury subpoena. Or, the Health Center may disclose your PHI if the Health Center believes that your death was the result of criminal conduct.

(k) Coroner or Medical Examiner - The Health Center may disclose your PHI to a coroner or medical examiner for the purpose of identifying you or determining your cause of death.

(l) Organ, Eye or Tissue Donation - If you are an organ donor, the Health Center may disclose your PHI to the entity to whom you have agreed to donate your organs.

(m) Research - If the Health Center is involved in research activities, your PHI may be used, but such use is subject to numerous governmental requirements intended to protect the privacy of your PHI and that does not identify you and, even without your name, cannot be used to identify you.

(n) Avert a Threat to Health or Safety - The Health Center may disclose your PHI if it believes that such disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public and the disclosure is to an individual who is reasonably able to prevent or lessen the threat.

(o) Workers' Compensation - If you are involved in a Workers' Compensation claim, the Health Center may be required to disclose your PHI to an individual or entity that is part of the Workers' Compensation system.

Appointment Reminders

- Your health care provider or a staff member may disclose your health information to contact you to provide appointment reminders. If you are not at home to receive an appointment reminder, a message will be left on your answering machine, voice mail, or with the person who answers the call.
- You have the right to refuse us authorization to contact you to provide appointment reminders. If you refuse us authorization, it will not affect the treatment we provide to you.

Sign-in Log

This Health Center maintains a sign-in log for individuals seeking care and treatment in the office. This sign-in sheet are located in a position where staff can readily see who is seeking care in the office, as well as the individual's location within the Health Center's office suite. This information may be seen by, and is accessible to, others who are seeking care or services in the Health Center's offices.

Family/Friends

The Health Center may disclose to your family member, other relative, a close personal friend, or any other person identified by you, your PHI directly relevant to such person's involvement with your care or the payment for your care unless you direct the Health Center to the contrary. The Health Center may also use or disclose your PHI to notify or assist in the notification (including identifying or locating) a family member, a personal representative, or another person responsible for your care, of your location, general condition or death. However, in both cases, the following conditions will apply:

- (a) If you are present at or prior to the use or disclosure of your PHI, the Health Center may use or disclose your PHI if you agree, or if the Health Center can reasonably infer from the circumstances, based on the exercise of its professional judgment that you do not object to the use or disclosure.
- (b) If you are not present, the Health Center will, in the exercise of professional judgment, determine whether the use or disclosure is in your best interests and, if so, disclose only the PHI that is directly relevant to the person's involvement with your care.

AUTHORIZATION

Uses and/or disclosures, other than those described above, will be made only with your written Authorization.

Your Right to Revoke Your Authorization

You may revoke your authorization to us at any time; however, your revocation must be in writing.

Restrictions

You may request restrictions on certain use and/or disclosure of your PHI as provided by law. However, the Health Center is not obligated to agree to any requested restrictions. To request restrictions, you must submit a written request to the Health Center's Privacy Officer. In your written request, you must inform the Health Center of what information you want to limit, whether you want to limit the Health Center's use or disclosure, or both, and to whom you want the limits to apply. If the Health Center agrees to your request, the Health Center will comply with your request unless the information is needed in order to provide you with emergency treatment

You Have a Right to

Inspect and obtain a copy your PHI as provided by 45 CFR 164.524. To inspect and copy your PHI, you are requested to submit a written request to the Health Center's Privacy Officer. The Health Center can charge you a fee for the cost of copying, mailing or other supplies associated with your request.

Receive confidential communications or PHI by alternative means or at alternative locations. You must make your request in writing to the Health Center's Privacy Officer. The Health Center will accommodate all reasonable requests.

Prohibit report of any test, examination or treatment to your health plan or anyone else for which you pay in cash or by credit card.

Receive an accounting of disclosures of your PHI as provided by 45 CFR 164.528. The request should indicate in what form you want the list (such as a paper or electronic copy)

Receive a paper copy of this Privacy Notice from the Health Center upon request to the Health Center's Privacy Officer.

Request copies of your PHI in electronic format if this office maintains your records in that format.

Amend your PHI as provided by 45 CFR 164.528. To request an amendment, you must submit a written request to the Health Center's Privacy Officer. You must provide a reason that supports your request. The Health Center may deny your request if it is not in writing, if you do not provide a reason in support of your request, if the information to be amended was not created by the Health Center (unless the individual or entity that created the information is no longer available), if the information is not part of your PHI maintained by the Health Center, if the information is not part of the information you would be permitted to inspect and copy, and/or if the information is accurate and complete. If you disagree with the Health Center's denial, you will have the right to submit a written statement of disagreement.

Receive notice of any breach of confidentiality of your PHI by the Health Center

Complain to the Health Center or to the Office of Civil Rights, U.S. Department of Health and Human Services, 200 Independence Avenue, S.W., Room 509F, HHH Building, Washington, D.C. 20201, 202 619-0257, email: ocrmail@hhs.gov if you believe your privacy rights have been violated. To file a complaint with the Health Center, you must contact the Health Center's Privacy Officer, Dr. Rhina Patania, Life Chiropractic College West Health Center, 25001 Industrial Blvd., Hayward, CA 94545, (510) 780-4567. All complaints must be in writing.

I acknowledge that I was provided a copy of the Notice of Privacy Health Centers and that I have read them or declined the opportunity to read them and understand the Notice of Privacy Health Centers. I understand that this form will be placed in my patient chart and maintained for six years.

HEALTH CENTER'S REQUIREMENTS

The Health Center:

- Is required by federal law to maintain the privacy of your PHI and to provide you with this Privacy Notice detailing the Health Center's legal duties and privacy Health Centers with respect to your PHI.
- Is required to abide by the terms of this Privacy Notice.
- Reserves the right to change the terms of this Privacy Notice and to make the new Privacy Notice provisions effective for your entire PHI that it maintains.
- Will distribute any revised Privacy Notice to you prior to implementation.
- Will not retaliate against you for filing a complaint.

Patient Information Release

LIFECHIROPRACTIC
COLLEGE WEST

Patient File #: _____

I, _____, hereby authorize Life Chiropractic College West (LCCW) Health Center and their authorized representatives (student interns, faculty members, Radiologists, etc.) to inspect, copy or otherwise reproduce, as they see fit, any and all records pertaining to my case as a patient of the LCCW Health Center.

It is understood and agreed that the amount paid to the Health Center for x-rays is for examination and interpretation only and the x-rays themselves will remain the property of this facility. They will remain on file where they may be reviewed at any time as long as I am a patient here.

I further understand that this is a teaching and training institution. In this regard, I authorize my case and all records pertaining to it to be used for that purpose.

Welcome Letter

LIFECHIROPRACTIC

COLLEGE WEST

Life Chiropractic College West Health Center

25001 Industrial Blvd, Hayward, CA. 94545

Phone: (510) 780-4567

Welcome to the Life West Health Center. We provide high quality healthcare by caring for your spine and nervous system through non-invasive, conservative means. Children are welcome in our facility, as both patients and guests. However, they must be supervised by a parent at all times.

We have orientation talks for all new patients. They are extremely important because they inform you as to the value of chiropractic and what to expect as you begin your care with our facility. Please speak to your intern regarding attendance.

Fees - Physical examinations \$65, office visits \$30. A full fee schedule will be given to patients as part of their new patient paperwork. Absolutely no refunds can be used once an intern begins the case history!

Paperwork - On your first visit, you will be requested to fill out a form that includes your name, address, biographical data, as well as your billing information. Please bring a picture ID, all insurance cards, and be prepared to make a payment for all services at the time of visit. You will be given a copy of the fee schedule to sign, as well as federal notices of privacy and practices. Paperwork takes approximately 30 minutes to complete.

Intern assignment - If you made an appointment in advance, an intern will be assigned to you after your paperwork is completed.

Patient case history - During your first visit, your intern will conduct a thorough case history that will help us determine your health care needs. This history will include questions about your current health, your family history, and prior health care you may have received. After your case history is complete, it will be reviewed by one of our licensed faculty doctors. As a learning institution our interns are under the direct supervision of experienced doctors of chiropractic. All patient histories, examinations, x-rays and ongoing patient care visits are closely reviewed and authorized by our licensed faculty doctors to ensure your safety and the most appropriate care for your condition.

Physical examination - The next step is a thorough orthopedic, neurological, and Chiropractic physical examination. After completing the examination, your intern will review the exam results with a faculty doctor. X-rays, laboratory tests, or other diagnostic studies may be required as part of your examination. If x-rays or additional tests are necessary, you will work with your intern to schedule an appointment for these tests.

X-rays may be used to help detect problems or other conditions that can't be identified through the physical examination or case history alone. Only necessary x-rays are taken. We also use the most up-to-date equipment, including state-of-the-art digital x-ray technology for patient safety.

After the diagnostic procedures are complete, the intern prepares a narrative case report, which includes what was found during the physical examination, history, and x-rays. This narrative report is reviewed by a faculty doctor, who then works with your intern to determine the appropriate course of care for your condition. Based on the case and your individual needs, the faculty reviews your care plan every 6-12 weeks.

Once a faculty member has reviewed and approved your care, your intern gives a report of findings. This includes the type of care he or she plans to administer, how often you will be seen, and for how long. At this time you will also receive your first chiropractic adjustment. After your first adjustment, your subsequent visits will be scheduled based on the care your intern has recommended and was approved by our faculty.

Re-evaluation examination - After you have received a period of care generally between one-and-a half to two months – your intern will conduct a re-evaluation examination to determine your progress. Your intern will work with faculty members to determine the best course of care for you. Occasionally, patients are referred to another health-care provider for consultation. In most cases you can continue your chiropractic care while we obtain the additional information from these providers.

Inactive Status - If you suspend care for a year or more, your file will be made inactive. A reactivation exam fee of \$65.00 will be required to resume care.

As a learning institution, we hope and expect you will enter into a “working relationship” with us. In return for your time and patience, we are extending a reduced fee for visits while providing excellent detailed service as our interns become trained doctors of chiropractic. We thank you in advance for your understanding that procedures will take longer than if you were in a private doctor’s office.

Welcome to the Health Center and we wish you good health through chiropractic.
